Action taken on the statement of Mr. Fenner Brockway regarding the grievances of the nursing staff of the General Hospital.

Alleged grievances.	Action taken by the Government.
(1) Long working hours .. .. .. (2) Prolonged night duty	After careful consideration, the Government have come to the conclusion that the existing arrangements are the best that can be devised. The three months system of night duty shifts is preferred by the nurses.
(3) Working overtime	The Government are informed that working overtime is exceptional.
(4) Quality of the food	The quality of the food is by no means bad.
(5) Restricted hours during which nurses may leave the hospital premises.	The Government have ascertained that nurses are required to return to their quarters by 10 p.m. unless a special late pass has been given. They see no reason to alter this arrangement.
(6) The long working hours and low pay of the ward boys (nursing orderlies).	Nursing orderlies are on duty for long hours, but largely from their own choice. The question of revising their pay is under consideration.
